

NIKOLA KUZMIC

www.linkedin.com/in/nikola-kuzmic-71b118148 | kuzmicni.github.io | medium.com/@nikola.kuzmic945 | Toronto, ON

SKILL HIGHLIGHTS

- **Data Science/Machine Learning:** Python, Scikit-Learn, ETL, Bokeh, TensorFlow, Amazon SageMaker
- **Deployment:** Flask, Docker, Git, MySQL, Linux, AWS, Google Cloud
- **Front-end:** HTML, CSS, JavaScript, Bootstrap

PROFESSIONAL EXPERIENCE

Data Scientist, EnergyX Solutions Inc., Toronto

Jan. 2019 - Present

Built end-to-end ML pipelines capable of recommending personalized house renovations and predicting associated energy savings for homeowners across Canada and the United States as an alternative to traditional in-person energy audits:

- Researched and implemented state-of-the-art ML techniques
- Performed ETL on open-source data and leveraged it to target high-value customers
- Led numerous iterations of model development and hyperparameter tuning
- Deployed models into production on AWS using Flask
- Utilized Gitflow in pipeline version control
- Created visualization dashboards of regional energy savings across Canada using Bokeh
- Performed SQL queries in retrieving customer data.

Mathematical Modeller / Graduate Research Assistant, IBMT Laboratory, University of Toronto

2016 – 2018

- Developed and implemented mathematical models of blood vessel growth in Python.
- Successfully modelled endothelial cell behaviour under chemical stimuli using differential equations.

Python Programming Teaching Assistant, University of Toronto

2017 – 2018

- Delivered tutorials and assisted students with the programming assignments in Introduction to Programming and Applied Mathematics courses.

EDUCATION

Master of Applied Science, Mechanical Engineering, University of Toronto

2016 – 2018

- Honours: NSERC – Canada Graduate Scholarship, MASc – Entrance Award, GPA: 3.7/4.0
- Relevant Coursework: Introduction to Data Science and Analytics, Machine Learning

Bachelor of Engineering, Mechanical Engineering, Ryerson University

2012 – 2016

- Honours: The Canadian Society for Mechanical Engineering (CSME) Gold Medal, Alumni Award, GPA: 4.1/4.3
- Relevant Coursework: Linear Algebra, Calculus I/II, Statistics, Numerical Analysis, Differential Equations, Economics
